SR-57 PAVEMENT REHABILITATION - IMPERIAL HIGHWAY OFFRAMP 55 HOUR WEEKEND CLOSURE (Beginning Friday, June 8th – Monday, June 11, 2012)

Irvine—The California Department of Transportation (Caltrans) will begin a \$225,000 Safety Highway Operations Protection Program (SHOPP) project in the City of Brea, on the northbound SR-57 at Imperial Highway (SR-90) off-ramp the entire weekend of Friday, June 8th at 10 p.m. through Monday June 11, 2012 at 5 a.m.

Once the Northbound SR-57 off-ramp at Imperial Highway has been reconstructed, the ramp will be closed the following weekday, Tuesday, June 12th through Wednesday, June 13th from 10:00 p.m. to 5:00 a.m. to cut loops for the signals and replace temporary lane striping.

Additionally, one traffic lane and the sidewalk will be closed along Eastbound Imperial Highway beginning Saturday, June 9th through Wednesday, June 13th from 12:00 a.m. (midnight) to 5:00 a.m.

Due to unforeseen operational factor or inclement weather, these dates and times may change.

This construction contract involves removing the existing asphalt concrete pavement and replacing it with open graded concrete, installing new pavement striping, markers and inductive loop detectors.

DETOUR:

From the northbound SR-57, exit Yorba Linda Blvd. and turn right, make a left onto Placentia Avenue and turn left onto Imperial Highway to access the northbound SR-57 on-ramp.

Every effort will be made to minimize the impacts of construction to motorists, residents and businesses. Changeable message and Detour signs will be posted prior to the closure.

Upon completion of the project, motorists will enjoy a smoother roadway with safety enhancements.

For more information on this project you may contact the District 12 Public Information Office at (949) 724-2000 or log on to the Caltrans website at www.dot.ca.gov/dist12.

Caltrans12

@CaltransDistrict12

California law requires vehicles to safely reduce speed, move over, and merge into unoccupied lanes when emergency vehicles, construction vehicles, or towtrucks are displaying flashing warning lights.

Caltrans reminds motorists to use extra caution and reduce speeds when driving through construction zones.
